

FUNDING IS GENEROUSLY PROVIDED BY

PETER & ELIZABETH  
TOWER FOUNDATION

Explore & More's **Au-Some Evenings** are free monthly events that give children with autism and sensory processing needs, their friends and family an opportunity to play and learn together in an understanding and supportive environment. In addition to a fun night of play with access to the museum space and exhibits, we have special programming for families!

The evening features themed Art Studio projects, sensory exploration in our Tinkering Tank, therapy animals from the SPCA and student volunteers from SUNY Buffalo State's Exceptional Education program. Parent outreach materials including links for social stories, child development resources and play tips are always available. We look forward to having you join us!

### Event Schedule

February 9, 2024

March 8, 2024

April 12, 2024

May 10, 2024

June 14, 2024

*All sessions are  
5:30-7:30 pm*

### Connect with Other Families

Special thanks to the Exceptional Education department from SUNY Buffalo State for providing volunteers who help support children and families develop language skills, promote social interactions, and facilitate learning through play.

Au-Some Evenings was created in 2012 and presented in partnership with:

**Kathy Doody**

**Jana Mertz**

Professor in Exceptional Education | The Arc Erie County Education

THE RALPH C. WILSON, JR. CHILDREN'S MUSEUM

### Friendly Reminder:

Children must be supervised by an adult at all times.
