

THE RALPH C. WILSON, JR. CHILDREN'S MUSEUM

Next Free Event

Friday, September 11, 2026
5:30pm-7:30pm

Registration Required

Connect with Other Families

Special thanks to the Exceptional Education department from SUNY Buffalo State University for their graduate candidates who encourage child development of language skills, promote social interactions, and facilitate learning through play. Our Au-Some children and families are grateful for their financial and volunteer support.

EXCEPTIONAL EDUCATION DEPARTMENT

BUFFALO STATE • The State University of New York

The Au-Some Evenings program was created in 2010 and presented in partnership with:

Kathy Doody

Professor in Exceptional Education

Jana Mertz

Autism Spectrum Insight

Friendly Reminder:

Children must be supervised by an adult at all times.

special thanks to

for supporting this program

Explore & More's **Au-Some Evenings** are FREE monthly events that give children with autism and sensory processing needs, their friends and their families an opportunity to play and learn together in an understanding and supportive environment. In addition to full access to the museum space and exhibits, we have special programming for families!

Each event features themed Art Studio projects, sensory exploration in our Tinkering Tank, therapy animals from the SPCA and student volunteers from SUNY Buffalo State's Exceptional Education program. Parent outreach materials including links for social stories, child development resources, and play tips are always available. We look forward to having you join us!

To register for the next Au-Some Evening please complete the form at
exploreandmore.org/au-some-evenings

SPACE IS LIMITED!
